Forklift Exam Questions Answers Introduction

Powered Lift Truck Technician

The Powered Lift Truck Level 2 (PLT) curriculum has been developed in keeping with the prescribed Ministry of Training, Colleges and Universities (MTCU) Training Standards. The curriculum layout used provides an opportunity to cross-reference the in-school learning outcomes and content to the specific workplace Training Standards. For easy reference, a time allocation has been included for each reportable subject along with the Theory/Practical breakdown for the delivery of the Learning Content. More detailed time allocations for the instructor have been provided for each topic area to ensure consistency for each appropriate intake. The reportable subjects are Trade Practices; Electrical Systems; Computer Control Systems; Fuel Systems; Engine Systems; Chassis Systems; Frame, Drive, and Lift Systems; and Hydraulic Systems.--Includes text from document.

Is it possible to develop a fun and effective training program? Most workers view attending a training session as they do going to the dentist, which leaves trainers feeling very unappreciated and frustrated. Effective Safety and Health Training can turn trainers into Santa Claus - everyone will look forward to their visits. The presents they bring: interesting topics and trainee involving methods, wrapped in respect for workers and a consideration for their needs. Hilyer takes you from ground zero through the process of planning, preparing, delivering and evaluating an adult training session of from one to one hundred hours. She teaches you how to motivate your trainees. They will understand and retain the information, enjoy the course, and apply the learning to their work and their lives. Effective Safety and Health Training provides the educational theory and the practical guidelines to train effectively and enjoyably. A nuts-and-bolts book, it takes you through the development and delivery of effective safety and health training programs. Best of all, your trainees will have fun!
