Intro

The consensus document

Foreword

Joint principles for the interface

Do what you can do if you can do it

Responsibility for requesting investigations

Keep patient informed

Talk first

Managing the 'waiting well'

Medication counseling

Do not commit others to something

Principles for primary care

Be clear in your ask

Suitable pre-checks and long-term condition management

Communicate the patient's journey

Principles for secondary care

Timely communication to GP

Do not ask for a specialist test

Provide med3 notes to patients

Prescribe immediately when needed

Ensure an appropriate supply of medications

Check local formulary first

Do not auto-discharge from clinics

Arrange onward referrals directly

Conclusions
